VALEDICTORIAN AND SALUTATORIAN ST. JOSEPH ACADEMY

MISS JULIE ELLIOTT

MISS LILLY MAE DONLIN

Miss Julie Elliott of Bay St. Louis and Miss Lilly Mae Donlin of Biloxi were the Valedictorian and Salutatorian of the 1946 graduating class of St. Joseph Academy. The young ladies had the highest percentage in their studies during the four years of high school in a class of 19.

CHAMBER OF COMMERCE ACTIVITIES

Just to give the citizens of Hancock County an idea of the development that is taking place right here in this area we are listing below some of the major projects which are now under construction and which should be of interest to every resident.

The Helen Ann Products which are now located on Main Street, recently purchased the vacant property adjacent to the Farmers Cooperative Creamery and will begin construction in the next few days on a modern packing plant, packing cherries, onions, pickles, and other brine products. It might be of interest to some to know that this firm handles approximately two carloads of onions a month, processing and packing these onions in glass jars and shipping them out over the United States. Incidentally, Bay St. Louis gets a lot of free advertising from these shipments as on every glass jar top our city together with other packing branches of this firm are plainly printed. At the present time Helen Ann employs approximately twenty people, however, when their new quarters are completed they will employ three to four times that number.

The Globe Laundry is doing a "Believe It Or Not"—this aggressive organization headed by Ted Robin is constructing their new building over their old and on completion of this building the old one will be demolished leaving a modern and up to date laundry. In addition to these improvements Mr. Robin is also adding a modern cold storage vault for the storage of furs and other winter clothes. With the volume of laundry Mr. Robin receives daily together with his constant supervision of the new construction Ted is as busy as a one arm paper hanger with the itch.

The Hancock Stock Feed Co., headed by Warren Carver and Dan Russell are really getting in high. This firm has just completed painting their entire structure and is now readying the interior in preparation to operate their sweet potato dehydrator this fall. As available, they also sell a full line of live stock feeds and will continue to enlarge on this phase of their business as time progresses.

Leveau's wholesale as well as retail Ice Cream store in Waveland, is now in full swing and for the benefit of anyone who has not seen this modern structure, we'll say that this is as nice if not nicer than any on the Gulf Coast and we hasten to congratulate Mr. Leveau on giving Hancock County this new enterprise.

The construction of the new Hill Store at Waveland is making rapid progress and on completion will give the people of Waveland a modern up to the minute grocery store which everyone should be proud of.

Down in Clermont Harbor Mr. Casey a friend of ours and, incidentally, a Frenchman from way up in Opelousas, Louisiana, decided some time ago that he wanted to retire from the machine shop business, however, he found out that it was pretty much of a job not to do anything so he is now constructing a modern machine shop on his property and will be capable of handling any job that takes an experienced machinist to do. It looks like Clermont Harbor is getting its share of new business.

Construction of the new Methodist Church at Clermont Harbor is progressing rapidly also and with the completion will give the citizens something else to brag about.

The Unity Sea Foods Company is daily receiving materials for the construction of their modern sea food packing plant. On completion this

Camp Stanislaus To Open June 9th

The opening date for Camp Stanislaus will be June 9th. This will be the eighteenth season and to date, the quota of 200 boys has been filled.

There will be five weeks of glorious fun for the camp is ideally located in a center adapted to every outdoor activity.

Situated on the Gulf of Mexico there is every facility for salt water swimming, fishing and sailing, private tennis and handball courts, boxing, archery, wrestling, there are also saddle ponies and many other attractions.

The Camp under the direct supervision of the Brothers of the Sacred Heart will close on July 14th.

To Resume Work At "Ole Miss"

Mr. and Mrs. Martin W. Magee and two daughters left on Sunday, June 2nd for Oxford, Miss., where Mr. Magee will resume his work at Ole Miss.

Mr. Magee and family hail from Hattiesburg, Miss., and he was Superintendent of Progress Vocational High School of Pike County prior to coming to Bay St. Louis as principal of Bay St. Louis High School.

Mr. Magee received his B. S. degree at Mississippi State. He has been in the teaching profession ten years.

Friends and patrons will look forward to their return to Bay St. Louis the latter part of the summer. They will then be located at 210 Necaise avenue.

firm will have as modern if not the most modern packing plant on the Coast. Mr. Harry Stone and his associates contemplate having the plant in operation for this fishing season.

Getting back to Bay St. Louis—Dr. B. L. Ramsey, owner of the Ramsey building is now constructing an addition which will give him nearly twice the floor space as formerly and it is our understanding that he will have a modern men's furnishing store handling national advertised products and will conduct it in conjunction with his ladies ready to wear shop. A men's store is really something needed here and we congratulate Doc Ramsey on his foresight.

Oct. Delph of Mauffray's Dry Goods Store is erecting an aluminum pre-fabricated building in the rear of his establishment to warehouse merchandise to take care of his increased business. Oct is planning further improvements later, however, will wait until such time as material is available.

It is also interesting to note that over the entire County there are approximately seventy five to one hundred homes under construction now and with the continued activity of builders and subdivision operators there is anticipated additional construction of two hundred more.

Consistent with all of the above activities we are also pleased to announce the entry of a publishing house headed by Mr. John Watts, Editor and publisher of the Tung World Magazine. A magazine devoted to the Tung industry in all of its phases. This magazine has already received national recognition and should go far in promoting South Mississippi as the leading Tung oil growing section in the nation. Due to shortage of office space in Bay St. Louis, Mr. Watts is temporarily located in the new Gulf Chevrolet building where he is handling his business for the present.

Taking everything into consideration, Bay St. Louis and Hancock County as a whole seems to be progressing at a rapid pace and with opportunities for further industrial expansion, presenting themselves each day, our County will come into its own before we are aware of it.

Attend Meeting Of Miss. State Alumni Association

Eight Hancock countians attended a meeting of former students of Mississippi State College at Gulfport Friday night, including C. C. McDonald, Paul Lacoste, Elliott Coward, Leo W. Seal, Sr., Leo W. Seal, Jr., Hubert Duckworth, Charlie Stone and Lewis Henderson.

About 75 alumni from the Gulf Coast area heard State's new president, Dr. Fred Mitchell outline prospects for the 1946-47 school year. Major needs, he said, are a new library, gymnasium, and additions to the engineering school. Present facilities will not be able to accommodate all prospective students, he added.

Strengthened athletic teams were forecast by Coach C. R. Noble, Allyn McKen and Bowden Wyatt, who also predicted opponent teams will be stronger than last year due to returning veterans. Willie Stone, alumni secretary and brother of Charlie Stone, Hancock County Agent, reported on activities of the alumni association. An active alumni unit in every county during 1946 was urged.

Tom Rand of Gulfport was named president of a 4-county alumni district, and F. P. Amsler of Gulfport was named secretary. J. K. Milner of Gulfport presided.

Clermont Harbor Hotel Burns

Clermont Harbor Inn was completely destroyed by fire of undetermined origin at an early hour Sunday. It was said that the building was almost completely burned before assistance reached the scene. The building, a two-story frame structure, had 40 rooms and 20 baths, and had recently been purchased by a New Orleans corporation from a local owner and had been renovated and opened for business two weeks before it burned. The estimated value of the property was said to be \$40,000, and carried \$11,000 insurance. It is not known whether it will be rebuilt.

At the time of the fire there was said to be 40 guests registered who lost the greater part of their personal effects and some of whom got out in their night clothes.

The hotel has an interesting background with its struggles against the many obstacles which retarded its development. The hotel was built by Charles Hopkins, at that time living in New Orleans and was completed in 1915 and had opened for business when the 1915 storm struck this coast with a heavy force. The high winds drove a large schooner through the building doing considerable damage. After that it was leased several times to different parties but not successfully. Then H. E. Carr at the request of Mr. Hopkins came down from Washington and remodeled the building and raised it about ten feet and it appeared to be going to be a success. But the depression of the early 30's came on and the hotel became a losing proposition and passed into other hands. Mr. Wilford Guerin, New Orleans and summer resident of Clermont Harbor, manager and part owner of the hotel has not given out any statement as to the plans of the owners.

Crowning of Our Lady of The Woods

The crowning of Our Lady of the Woods by members of the Sodality of the Blessed Virgin Mary at St. Joseph Academy of Bay St. Louis took place at the close of May with Rt. Rev. Msgr. A. J. Canon Gmelch officiating. The crown was placed on the head of the Virgin by Miss Norma Garcia of the junior class. Miss Patsy Favre was Maid of Honor. The crowning is a coveted occasion being given to the girl who is voted by her classmates, the most representative and outstanding Sodalist of the year. Four flower girls and the crown bearer were pupils of the first grade: Kay Cabell, Carol Lynn Leggett, Patsy Anderson, Susie Prewitt and Ellen Northrop.

The Shrine of Our Lady of the Woods, in the rear of the St. Joseph Academy grounds, was erected by Rev. Father Stanislaus Buteux a French priest who came to Bay St. Louis in 1847. Some years later he returned to France but did not remain long there, for his heart was centered in his beloved mission. Once more he sailed for what is now Bay St. Louis. A violent storm arose and destruction to all was inevitable. In the midst of the confusion, Rev. Father Buteux fell upon his knees and invoked the protection of the Blessed Virgin and promised to erect a shrine in her honor if their lives were saved. A miracle was performed and the vessel arrived safely.

A few months later, a statue arrived from France. Father Buteux with his parishioners and the Sisters of St. Joseph and Brothers of the Sacred Heart, went in procession to the rear of the St. Joseph grounds then a wilderness. Here he placed the statue upon its pedestal, the trunk of a tree felled for purpose. Soon the Sisters, aided by a few ladies built a wooden pedestal, and began to plant the lovely avenue of cedars that lead to the Shrine. Years later the present neat little Shrine was erected.

The woods have almost disappeared but the statue stands pure and immaculate in a leafy bower. That the original statue has withstood the force of the elements for over eighty years is almost a miracle. More than once it was thought to have been destroyed, buried beneath the debris of storms but it has never been injured. This is all the more wonderful as the statue is of plaster of Paris, with no other protection from the elements save a tiny dome overhead.

The first act will be June, with all the beauty of summer, then fall, and last bleak winter, with ice and snow. Some set, but the Little Theater group didn't hesitate. KEEP SOWING THE SEED

THE Hancock County Chamber of Commerce, in its Chamber of Commerce activities column in this issue has listed many of the happenings since this organization has been reactivated. It is interesting and shows definitely that we have a live wide awake Chamber of Commerce. That the officers have their eyes and ears open and that they are not overlooking one thing that will help the County.

It is also very interesting to note that the BAWI Bulletin, which is issued monthly by the Mississippi Agricultural and Industrial Board has for the first time in the history of its publication included the name of Bay St. Louis in its activity column, with the following comments: "Bay St. Louis—Imperial Wood Products will establish a \$35,000.00 plant for producing millwork, toys and furniture; Hancock Stock Feed Company has been organized and will operate a plant to dehydrate sweet potatoes; Helen Ann is constructing a new building for packing pickled onions and maraschino cherries; The Benith Pecan Processing Company, which specializes in pralines, pecan meats and other pecan delicacies will begin operations soon; The Utility Sea Foods Inc., is constructing a new plant for processing sea food."

Of course we cannot say that the Chamber of Commerce is responsible for the location of these concerns in our midst, but we do know that they have had their finger in the pie with the most of them, and they have really been stirring the pot.

Now, let's get down to real facts. Some time ago we asked that everyone work with one thought in mind, the development of Hancock County. That we not reach a certain point and then begin to slack off, as has been much the custom heretofore. We should remember the adage that "Rome was not built in a day" and certainly Hancock County will not be turned upside down and made industrially and agriculturally strong in as short a period. It is going to take time. It is necessary that plans be made and a definite program be followed. It is not necessary that large establishments be located in our midst for us to see an upward trend, the location of small ones that have possibilities and where small groups of our people will have an opportunity to work, will absorb our surplus labor, and with their growth and development other labor will soon find its way here. It is also necessary for the Chamber of Commerce, to lay some stress on the development of the rural section of Hancock County. A definite agricultural program patterned along the lines of those followed in Pearl River County would be a splendid example to follow. If this development could take place, the boys on the farm would not have to leave and seek employment in our industrial centers, their living could be made at home. Stress should also be laid to the fact that we are a part of the Mississippi Gulf Coast, and have been considered a resort center for these many, many years. That this section has been sustained partially by our part time citizens and visitors, and we should try to further develop our tourist trade. There are just so many things that a live Chamber of Commerce, can do, so please do not fall asleep and quit because an upheaval has not taken place. It takes time. The seed that we are sowing today may not bear fruit for several years, but if we are patient and work with a definite purpose we will eventually be rewarded.

She wore as her only ornament a string of pearls. The long veil of illusion was held to the head with a coronet of pearls. She carried an arm bouquet of pink and white carnations. Her maid of honor was her sister Miss Elois Sylvester who wore a dress of pale blue Marquise and carried pink carnations and a wreath of blue flowers in her hair. Her bridesmaids were Miss Joyce L. The reception rooms were bright with flowers with the color scheme of pink and white carried out in the streamers which hung from the light and in the light and in the flowers.

The bride is a graduate of Bay High in the class of '46 and is a descendant of one of the early families of Bay St. Louis. She is the granddaughter of Judge Sylvester who was

Yes, we had our plans ready long before the war was over—looking ahead to the increased demands for electric service from both old and new customers. We placed large orders for many different items required in the extension of electric service as soon as government controls permitted. Deliveries began, then stopped. Deliveries today are only a trickle compared to the need. We have placed and are placing additional orders for still more materials and equipment. We are using every honorable means to get a rightful share for those in our service area who want electric service.

Piano Recital at St. Joseph Academy

The highlight of the Piano Recital held in the auditorium of St. Joseph's Academy under direction of Sister Antoinette, was the program rendered by Miss Irma Kenney, a young performer of great future. Brother Romuald, preceding her appearance, gave a short talk on the value of music in the school curriculum and said that music inspired, elevated, instructed and disciplined and should have a part in the training of all students both individually and in band work. Brother Romuald then presented Miss Irma Kenney who was met with loud applause. Her playing showed talent, skill, poise, expression and training. It is easy to see a great future in music for this promising young musician. The following is her program:

Sonata in C Major by Mozart; Two-Part Invention by Bach; Aragonaise (from the Ballet, Le Cid) by Massenet; Nocturne by Chopin; Polonaise in A-flat Major by Chopin.

Miss Kenney was presented a gold pin by the school and large baskets and bouquets of flowers were presented her.

Part of the evening's program showed the work of the junior department of the school and was prefaced by a history of music and short explanations of some of the numbers.

Sister Antoinette's Rhythm Band, which uses the triangle, tambourine, Castanets, Bells and drums; was introduced and played two selections—Powers' "Sans Souci," accompanied at the piano by Betty Jane Vassalli and Oesten's "Triumphal March" accompanied by Mary Helen Curran.

Piano selections were "The Little Lamb"—Mayfield-Faye Pittman; Jack-in-the-Box—Kroeger—Janet Genin; "The Train"—Tone Picture Series—Joan di Benedetto; "Cris-Cross"—Mayfield—Dorothy Eslander; "Guillot"—"Little Songs"—Tone Picture Series—Laurie Curet; "Play-Time"—Behr—Norita Siefert; "Indian Dance"—Kroeger—Patricia Ann Fayre; "What Is It?"—Tone Picture Series—Helen Genin; "A Little Dance"—Reinecke—Jere Erle Lewy; "Little Songs"—Tone Picture Series—Lois Ann Pravata; "Summer Music"—Tone Picture Series—Carolyn Curet; "Sonatina in G"—Beethoven—Alta Mae Williams; "Mermaids"—Louis Maumus; "Cats and Mice"—Traditional—Darling Gertrude Normand; "Tunes to Play and Sing"—Traditional—Bernard Wolfe; "Dancing on the Meadow"—Kroeger—Anne Elizabeth Schmidt; "Sentimental Ditties"—Dodd—Barbara Ann Flink; "A Song For Mother"—Hammett—Kinta Kergsten; "The Sunbeam and the Rose"—Tone Picture Series—Gale Northrop; "Little Humming Bird"—Gest—Barbara Hanson; "A Curious Story"—Heller—Mary Helen Curran; "Rataplant" for "The Daughters of the Regiment"—Donizetti—Susan Smith; "Grandfather's Clock"—Kroeger—Elen Northrop; "Mummy's Lullaby"—Thomas—Catherine Bond; "The Cricket and the Frog"—Elaime—Betty Jane Vassalli; "One the Water"—Tone Picture Series—Diane Brignac; "A Jolly armer Returning from Work," Op. 68 Schumann—Betty Jo Harrison; "The Butterfly," Op. 81, No. 4—Merkel—Helen Martinson; "Pipetown Express"—Lerman—Marie Shaw.

Presents Pupil In Piano Recital

Mrs. Louis Pate presented her pupil John Dupaquier, in a "First Piano Recital" at her home on Monday afternoon with a number of relatives and interested friends present.

The young pianist showed marked talent, technique and training and it is very evident John will reach great heights in the music world.

The program follows: Duet, Overture—"Prometheus"—Beethoven; Minuet—in E-flat—Mozart; Waltz—"Airways"—Spindler; Scene de Ballet—"Scar Dance"—Chamade; Romanza—"Elyse"—Beethoven; Variations—Sise—Beethoven; Prelude—in A major—Chopin; Overture (Duet) "King Stephan"—Beethoven.

Mrs. Pate explained that this program involved the nine principal points in the execution of music: Coordination, grace and strength; technique, delicacy in graceful timing; strength in lightness of touch; interpretation of song without words; singing pressure on keys and pedals; expression of keys and count of time.

Among the guests were Mr. Reales and daughter Miss Elsa Reales late of Nicaragua, who have taken up residence here. The former is a retired concert pianist and favored with several selections at the close of the program. Other guests were the young performer's aunt Mrs. Henry Dart and son Harry of New Orleans and another Mrs. J. St. Mark Dupaquier, late of New York but now residing in Waveland.

Little Misses Alice Dupaquier and Alta Mae Williams, wearing floor-length dresses were receiving and gave out the programs which were autographed by John and they also assisted in serving.

The guests gathered on the attractive porch of Mrs. Pate's home where ice cold punch and other refreshments were served by Mrs. Pate assisted by Mrs. Walter Dupaquier and Mrs. Carl Marshall.

Mrs. Louis Pate will present the young pianist in a second recital. The same program will be given with a few changes. This is being done by request of the friends of the Dupaquiers who failed to hear John at the recital.

A. & G. THEATRE SUNDAY - MONDAY "TARZAN AND THE LEOPARD WOMAN"

Johnny Weissmuller, Brenda Joyce and Johnny Sheffield Co-Star

Once again the war-cry of Tarzan rings through the African jungle where the ape-man experiences new, thrilling adventures in RKO Radio's "Tarzan and the Leopard Woman," Sol Lesser's newest production based on the famous stories by Edgar Rice Burroughs. Johnny Weissmuller, Brenda Joyce and Johnny Sheffield are starred.

A secret band of native fanatics garbed in leopard skin and wearing steel claws, has been attacking passing jungle caravans, murdering their personnel. Tarzan rescues four Zambesi maidens from one such assault, but is trapped and carried off to be sacrificed, along with Jane and "Boy," by order of a merciless queen of the Leopard People.

Thanks to his clever chimpanzee Cheta, Tarzan is freed. By superhuman efforts he seals the entrance to a huge cave in which most of the leopard men are celebrating. He saves Jane and "Boy" and finally eliminates the remaining members of the savage cult in a thrill-packed climax.

Weissmuller gives his tenth portrayal of the Edgar Rice Burroughs character in this offering. Miss Joyce and young Sheffield again play the respective roles of Jane and "Boy." Burnu Acquafredda as the high priestess of the cult and Edgar Barrier, Tommy Cook, Dennis Hoy and Anthony Caruso have important roles. Kurt Neumann directed from the screenplay by Carroll Young.

Meeting of Bay St. Louis Home Demonstration Club

The May meeting of the Bay St. Louis Home Demonstration Club was held in the Bay High Economics laboratory with Mrs. C. C. Stone and Mrs. Wayne Alliston as hostesses.

Miss Lois May demonstrated two methods of cold packing tomatoes—salad pack and utility pack. In the salad pack the tomatoes are canned whole that they might be used for salad and the utility pack was the canning of tomatoes for any use. Points brought out in what to look for in canning was the testing of jars and jar rubbers.

Demonstration for the June meeting will be for the preparation of food for frozen food lockers—vegetables enough to drive them home.

Miss Mae Osbourn of Bay St. Louis spent the week end here with her sister Mrs. Ike Bennett and her family.

Mr. and Mrs. A. Catelanotto and young son and Mr. Karl Maffe of New Orleans were week end guests of Mrs. Wilbur McArthur and family.
